

The Stadium FastPass™ Series Waist-High

FP500-ADA

ADA Swing Gate | Interior & Exterior Application

The Stadium FastPass™ Series is made for years of reliable service in high traffic/volume applications like stadiums, convention centers, landmarks and military bases. Thousands are currently in use at leading pro-sports venues, amusement parks and high-profile attractions worldwide.

The cabinets are constructed of heavy 14-gauge, 300 series satin stainless steel and features our 6500 Series Control Head (with auto indexing and shock suppression technology). The cabinets can be interfaced with optional LCD counters, card readers, push button, and wireless remotes.

This product is the ADA compliant sister unit to our FP500 tripod turnstile.

FP500-ADA (gate can be motorized)

We're the #1 Choice of Top Architects, Security Pros and Engineers

For more than 30 years, Controlled Access has been the globally trusted name in pedestrian control equipment. Made in Ohio and shipped worldwide, we are the first choice of leading architects, facility managers, security consultants, and engineers. Whether your project requires high security full-height turnstiles, waist high units, or matching ADA accessible gates, Controlled Access is the secure choice. We're experienced in access control systems, from card readers to biometric scanning, to give you the power to control access.

- Your choice on each electronic direction of locking or unlocking on power failure

Options:

- Daylight visible indicator lights
- Bi-directional key overrides (fail open only)
- 8 digit key resettable LCD counter with seven year lithium battery
- ADA push to exit placard button
- Variable arm lengths (up to 40")
- Signage bracketry
- Variable speed self-opening motoized arm
* Comes with safety clutch to prevent injury
- Coin/token acceptor
- Bill acceptor
- Ticket drop box
- Additional options available upon request

Warranty:

Units are warranted against defects in materials and workmanship for a period of one year from date of delivery. See warranty information for specific details.

Electrical Specifications:

Input Voltage: 100-240 VAC
Input Current: 1.3 - .55 A
Frequency: 50/60 Hz

Storage Temperature: -40 to 158°F
Operating Temperature: -4 to 131°F

Operating Voltage: 24VDC
Operating Current: 1.2 A (typical)

Standards and Codes:

Austenitic stainless steel:
ASTM A240, A249, A276

Hot rolled steel:
AISI C-1020, AISI C-1018

All fasteners provided meet IFI ANSI/
ASME Fastener Standards

American Welding Society (AWS)
Standard D 1.1

The 6500 Series Control Head is certified to conform to the following standards:
UL 294, UL 325, UL Subject 2593,
CAN/ULC S319 & CSA C22.2#247

Controlled Access, Inc. is certified by Advantage International Registrar to be an ISO 9001:2015 company
